TABULA INVESTMENT MANAGEMENT APPOINTS NEW CFO

Specialist fixed income ETF provider Tabula Investment management has hired a new Chief Financial Officer.

Robin Grant joins Tabula Investment Management as CFO, taking on responsibility for the company's finance function and its compliance duties. Previously, Robin has held several senior roles within the investment management sector, including variously COO, CFO and Partner at Quantmetrics Capital Management, Fairwater Capital and RS Platou Asset Management. Prior to these roles, Robin was CFO of GLG Multi-Manager Investments, the Fund of Funds division of GLG Partners.

Robin has international experience working for Lombard Odier Darier Hentsch & Cie and PriceWaterhouseCoopers in Bermuda, and for GLG in the Cayman Islands.

"We are delighted Robin has joined us. He has a wealth of experience that will help us take the business to the next level," says Tabula CEO Michael John Lytle.

"The fact we have been able to recruit someone of Robin's calibre is a strong endorsement of our proposition. The opportunity in fixed income ETFs is obvious. It is now incumbent on us to execute and deliver value to our clients"

Robin Grant, CFO, Tabula Investment Management said: "I am delighted to be joining such an innovative and fast-growing fund manager. The proposition is very strong, and demand for fixed income ETFs is only going to increase but the key to capitalising on this is to offer solutions that are innovative and meet the needs of investors. Tabula is already doing this, and with more funds in the pipeline, our future looks exciting."

Press Release

Tabula now has four funds registered in 15 European countries providing liquid passive exposure to credit spreads and credit risk premia, with more already approved by the Irish Central Bank and further funds in the pipeline.

Press Release

Tabula Investment Management Limited

Tabula is an asset manager focused on passive fixed income. It is based in London and offers Irish domiciled UCITS funds to European investors, mainly in the form of ETFs. Tabula recognises that the trend toward passive investing, which has transformed equity investing in the past two decades, has only just begun in fixed income. www.tabulaim.com/
